

If you're looking for a gift for the person who's always traveling, the palm-sized Harman Kardon Guide + Play GPS-510 might just be the ticket. It's a portable in-car **navigation** device that gets users where they need to go and entertains them along the way, since it's also a full-featured music and video player. The GPS-510 can operate using its included rechargeable battery, AC adapter or in-car power adapter cable — and it's both PC- and Mac-compatible (\$449.99). Available through electronics retailers.

**Otopia** is a new all-inclusive organic body care line for moms and newborns. It covers everything from pregnancy-induced stretch marks to head-to-toe hair and body wash for babies. The **Luxury Mom Gift Bundle**, containing stretch mark cream and massage oil, breast care balm, moisture body cream, and foot and leg reviver tonic, comes in a fashionable "G-Luxe" black or white diaper bag. It makes a handy travel pack for new moms to take to the hospital, or for busy moms or moms-to-be who are on the go (\$279.95). The product pack is also available minus the diaper bag (\$89.95). Otopia is sold at drug stores, supermarkets, and select maternity and baby stores, or visit [bunnyburybaby.com](http://bunnyburybaby.com). For further product information, visit [otopiaorganics.com](http://otopiaorganics.com).

Who says you can't play with your food? The **Pop Art Toaster Creativity Coloring Kit** lets kids — and those who are kids at heart — turn eating breakfast into healthy fun. The 14-piece set includes a cool touch toaster plus 6 interchangeable image plates, 5 edible flavored food coloring markers, a removal hook and a bonus coloring book (\$39.99). Works great on pancakes, pop tarts and flat bagels, too. For retail information, visit [poparttoaster.com](http://poparttoaster.com).

Comfortable, compact **ATH-ANC7 QuietPoint™** active noise-canceling headphones from Audio-Technica would make a welcome gift for on-the-go listeners. Ideal for use with portable music and DVD players, laptop computers and in-flight entertainment systems, the headphones block the noise and distractions of the outside world with 85% noise cancellation while delivering clear and natural sound. They also work when the noise-canceling function is turned off, and operate in passive mode without batteries (\$219.95).

Help put someone you love on the road to better health through breathing. **RESpeRATE** (\$299), an FDA-approved digital feedback device from InterCure, Ltd., Fort Lee, N.J., guides users through paced breathing exercises that lower blood pressure by relaxing constricted blood vessels — and it works! Available at select retailers. For more information, visit [RESpeRATE.com](http://RESpeRATE.com).

A fashionable-looking new **stationery** line by Staples — M, which stands for My style. My way™ — includes an assortment of high-end leather journals (\$19.99), memo cubes (\$4.99), note-books (\$5.99), note cards (\$5.99) and photo albums (\$9.99). Created to reach men and women on an emotional level "by allowing more self-expression in the workplace," the collection is distinguished by quality materials and craftsmanship, elegant designs, and sophisticated colors and patterns.

Franklin's 12-Language Speaking **Global Translator** puts the power of language in the palm of your hand (\$229.95). It contains over 450,000 words and 12,000 phrases, and speaks 115,000 words in recorded human voice. Ideal for communicating on almost any continent, with translations to and from Chinese (Mandarin), Dutch, English, French, German, Italian, Japanese, Korean, Polish, Portuguese, Russian and Spanish. A voice-recording feature allows the user to record custom words and phrases appropriate to travel or business needs. The predictive spelling feature can help with misspelled words.

For anyone who has invested in a state-of-the-art home entertainment system but is still fumbling with multiple remotes to keep everything working, the Media Center **Universal Remote Control** from Gyratation, Inc. (\$99) offers a way to link a computer, DVD player and TV. The device features a motion-sensing mouse-cursor, like the Wii, the technology of which was originally developed by Gyratation. For further information, visit [gyratation.com](http://gyratation.com).

For those dreaming of a "green" Christmas, McCormick Distilling's 360 **Vodka** has been specially packaged for the holiday. The gift set contains a 750 ml bottle of this new eco-luxury vodka and an energy-saving 60-watt Philips CLF bulb, along with a detailed pocket guide containing simple everyday changes that can be made in order to live a "greener" lifestyle (about \$32). The biodegradable packaging is made of recycled materials and, through its ongoing "360 Close the Loop" campaign, McCormick will donate \$1 to recognized environmental organizations for every returned bottle closure.

Creating a buzz as the next major revolution in the fitness world among celebrities such as Jennifer Lopez, Lance Armstrong and Mariska Hargitay, kettlebell **workout equipment** and instructional DVDs are now available for sale at brick and mortar sporting goods retailers. Developed in Russia over a century ago, a kettlebell (starting at \$29.99) is a cast iron ball which typically ranges from nine to 88 pounds, and delivers an intense strength and conditioning workout that can be done in half the time of a traditional workout while producing twice the results. A beginner's kettlebell kit from GoFit includes a start-up DVD starring premier expert Sarah Lurie and a kettlebell designed to teach newcomers the basic techniques of the workout routine. More advanced kettlebell equipment is also available. Visit [GoFit.net](http://GoFit.net) for further information..

The cleverly designed **XShot** is extending the number of ways picture takers can shoot photos and videos. It's a telescopic rod that attaches to any compact digital or hand-held video camera, allowing photographers and videographers to be part of the memories they capture. The XShot (\$24.99) is made of high-quality stainless steel, closes to nine inches, weighs 3.9 ounces and neatly fits into a pocket. Visit [xshotpix.com](http://xshotpix.com) for further information.

The Tivoli Audio® **iYiYi®** high-fidelity stereo system is an iPod player for radio lovers. They can wake in the morning to music they select from their iPods, tune in to their favorite radio stations and control their music from across the room. Its precise digital tuner includes five FM and five AM station preset buttons, a "seek" function, and built-in AM and FM antennas. The backlit display provides information on station tuning, the time, and the 20-minute sleep timer indicator. An external FM antenna and external AC power supply are included (\$299). For more information, visit [tivoliaudio.com](http://tivoliaudio.com).

The **Palm-Z Mini Indoor RC Plane** (\$39.95) has the ability to perform tricky and impressive aerobatic stunts. This lightweight, yet tough, palm-sized remote control indoor airplane comes in three frequencies so flyers and their friends can make their planes travel in aerobatic formations or try to outdo each other in tricks. Appropriate for all ages and skill levels. For more information, visit [hobbytron.com](http://hobbytron.com).
